

September 24, 2014

ROAR would like to announce its choice for the IFMAR 2016 Fuel Off-Road World Championships. To say that this was a tough choice would be putting it mildly. The Executive Committee extensively reviewed all the bids. Each track's bid illustrated that they were equally capable of hosting the championship, but as you know, in the end there can only be one track chosen. The Executive Committee is delighted to announce that the IFMAR 2016 Fuel Off Road World Championships will be held at RC Tracks of Las Vegas. We will release more info as it becomes available
